SPACE/ALGEBRA

**Dilly duck**

**L19**

## You will need

photocopy of activity sheet  
coloured pencils

## What to do

Dilly Duck was looking for worms one morning and she got lost. Her eggs will get cold, so she wants to go home.

Help the duck find her way back to the pond quickly by following the path made of circles.

Can you find the shortest way home to the pond by counting the circles?

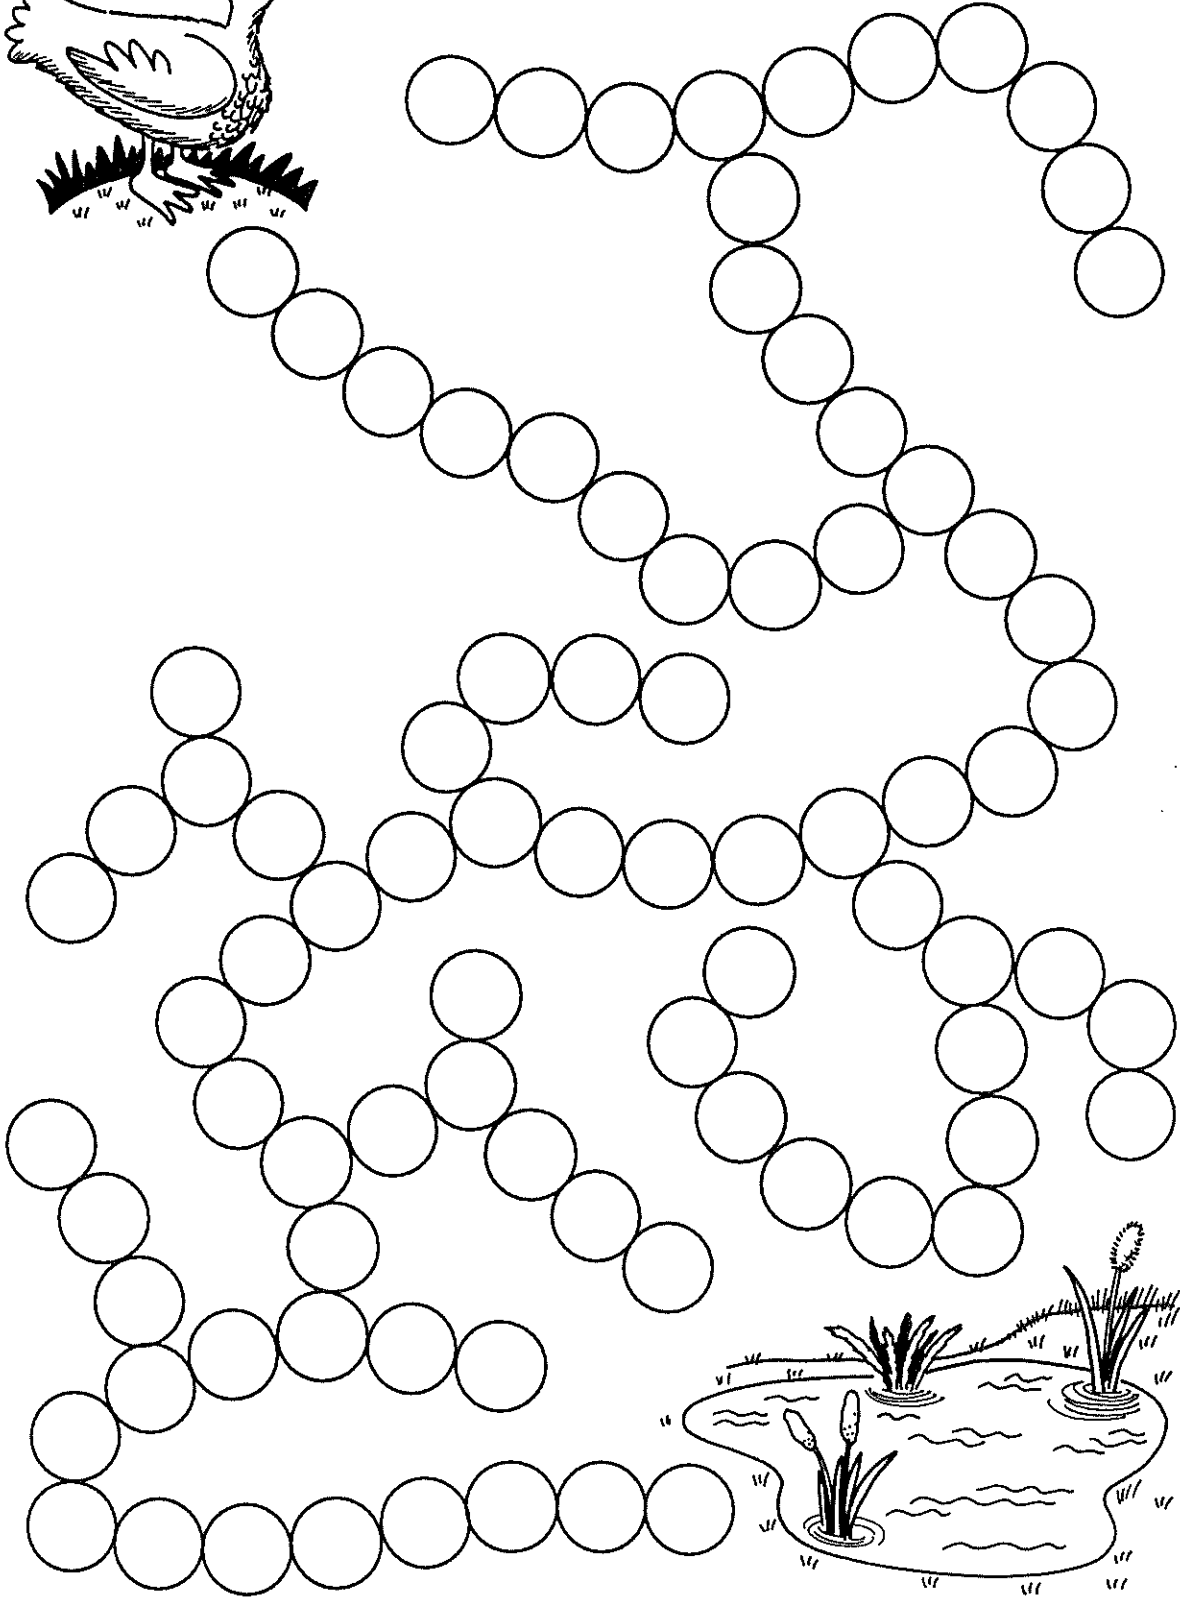

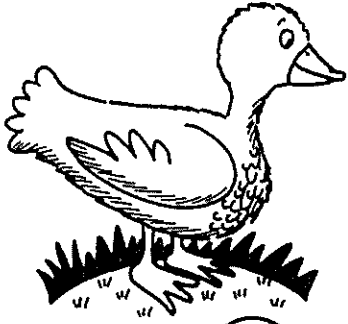

Color the circles to the pond to show which is the shortest path. You could make a pattern as you color it.

**WHERE'S THE MATHS?**  
Trial and error; counting.

NUMBER

**Dinner's ready!**

**L20**

## **You will need**

knives, forks, spoons, plates, glasses

## **What to do**

How many are there in your family?

Count out the number of knives, forks, and spoons needed for everyone. Write down how many on Your Page.

Help Mum or Dad set the table.

Now count the number of plates and glasses. Write down how many on Your Page.

Put these on the table.

How many things to wash up after the meal is finished (not counting saucepans)?

---

## **HINTS FOR PARENTS**

This is more complicated than it looks, so be patient!
