PREP 2027

Dear Parents and Carers,

This letter provides information about voluntary contributions you can make to support Thomastown West Primary School for 2027 and other payments you can choose to make.

Victorian government schools provide free instruction. This means all students have free access to all items, activities and services that schools use to deliver the curriculum, including reasonable adjustments to support students with disability.

Some families choose to make a voluntary financial contribution to support the school, and we are very grateful for this support. Making a voluntary contribution is your choice. There is no expectation or pressure for families to contribute.

Thomastown West Primary School offers a range of items and activities that are additional to the free instruction provided to all students at our school. Financial help is available for extra-curricular items and activities if you are experiencing financial hardship (see further details under Financial Help for Families in the attached information). For a confidential discussion about how to access the financial help available, please contact:

FAMILIES CAN CHOOSE TO CONTRIBUTE

Schools can invite 2 types of voluntary contributions:

Voluntary contributions	Tax deductible contributions
Used towards enhanced educational programs and school environment, and additional resources and opportunities offered by schools	Used towards building and/or library fund (for those schools who have such funds)

Schools must advise the carers of students in out-of-home care and parents and carers who hold a financially means-tested card (such as a healthcare card) that the invitation to make voluntary contributions does not apply to them.

In addition, schools can invite parents and carers to pay for optional:

- Extra-curricular items and activities that go beyond the curriculum - for example, school photos, some excursions and some camps.
- Learning materials for students to individually use and own - for example, textbooks, stationery, and in secondary schools only, digital devices. If these items are not bought, provided, or brought from home, schools must provide students with free access to what they need for curriculum delivery.
